OUR STRAIGHT-UP STRAIN: THE 'BLUE DREAM' IPA

Trailblazers don't torch a new passageway and then stop; they keep finding new ways in and new ways back out. That's exactly what we did with our metamodern IPA conceived of hand-selected hops from down under. Malt barley and red wheat combine to create a clean malt backbone with a foolproof flavor and mouthfeel to support America's sneak peek at Enigma, Vic Secret, Ella and Galaxy hops. The hops strum juicy and sweet aromas with headline notes of passion fruit, raspberries, pineapple and citrus. This intense, straight-up strain is Oskar Blues IPA (6.43% ABV). Smash a Blue Ferrigno. . . and it'll smash back.

In 2002, our funky little Colorado grown brew-pub started stuffing our huge, voluminously hopped mutha of a pale ale in a can (Dale's Pale Ale). Cans keep beer fresher, longer by eliminating the damaging effects of light and ingressed oxygen while being infinitely recyclable and portable . . . taking them where your next soul saving adventure takes you.
