

Unity Vibration Kombucha

Unity Vibration Kombucha has been proudly making Kombucha since 2009, first started in Carpinteria, California and then moved to Ypsilanti, Michigan. UVK was the first brewery to produce a 100% Kombucha-based beer, and has been pioneering and leading the Kombucha Beer category since 2010.

UVK Triple Goddess Kombucha Beers are a marriage of 30-day brewed Kombucha tea plus Organic dried whole leaf hops, herbs, roots and fruit. Raw ginger root, fresh raspberries, peaches, elderberries or juniper berries are added to ferment on oak. All UVK beers are bottle-conditioned which creates exquisite flavors that have depth and complexity. UVK Kombucha beers are 100% gluten free, organic, vegan, paleo-certified, raw and non-gmo. Like UVK Kombucha tea, the beers contain significant amounts of beneficial probiotics, healthy gluconic and acetic acids, as well as polyphenols and catechins.

K.P.A. (Kombucha Pale Ale)

Heavily hopped and brewed with grapefruit rind and juniper berries. Slightly accentuated with organic grapefruit notes, this kombucha beer is loaded with the delicious taste and aroma of west-coast hops.

ABV: 7%
IBUs: 77
Draft: Available in 1/6 bbl

Single Bottle 16.9oz UPC

4-Pack UPC

Ginger Kombucha Beer

Brewed with 10 lbs of fresh, organic sliced ginger per barrel plus whole leaf hops. This organic ginger showcase packs an earthy punch that rides the kombucha tang and delivers a memorable gingery bite at the finish of every sip.
