

MAIBOCK

HELLES BOCK

Description:

As temperatures rise teasing that summer is near and another winter is behind us, spring is the perfect time of year to celebrate new growth. To commemorate the season we have meticulously crafted an authentic Maibock (literally May Bock). A careful blend of imported German malts, a rush of German aromatic hops from St. Cloud's sister city, and a long cold aging process result in a beautifully balanced brew. Prost!

Availability

February - May

Malts

Imported German Pilsner and Munich

Hops

Hallertau Magnum and Spalt

OG: 1.068
