NEW GRIST™ GINGER

GLUTEN-FREE GINGER-STYLE BEER

We took our refreshing gluten-free beer, New Grist Pilsner, and brewed it with fresh ginger for a zesty, thirst-quenching flavor: introducing New Grist Ginger. This beer pours light gold with a rocky white head kicking out aromas of ginger and malted sorghum. The spicy-sweet ginger greets the palate first, before moving into the familiar flavor of New Grist: tangy green apple, light body, and crisp, refreshing finish. Overall, New Grist Ginger is a flavorful, easy-drinking, session beer with a snappy ginger punch.
