

SUMMIT TWENTY-ONE IPA

BEHIND THE BREW

In Summit Twenty-One, seven brewers came together to craft a bold IPA, each bringing forward one malt and one hop. With huge aromas of bright citrus and bold pine from the Amarillo and Chinook hops, Twenty-One has an intense hop presence that is complimented by the complex malt build. Lightly golden in color with an abundant white, creamy head, it has a big bitter and effervescent mouthfeel with a dry, clean finish. It hits all 21 marks of a big, balanced IPA.
